

**AGREEMENT  
ABOUT EDUCATIONAL AND  
SCIENTIFIC COOPERATION**

**between**

**Sumy State Pedagogical University  
named after A. S. Makarenko, Ukraine**

**and**

**Scientific and Technical Organization Teadmus OÜ, Estonia**

Despite the necessity for developing international educational cooperation and educational exchanges, this agreement was concluded in the city of Sumy between the institutions, which are indicated below.

Scientific and Technical Organization Teadmus OÜ, acting based on the Charter, and Sumy state pedagogical University named after A. S. Makarenko, acting based on the Charter, sign this inter-organizational agreement on educational and scientific cooperation.

The organizations undertake to cooperate in research projects and publishing activities. Following the provisions of this agreement, organizations will, within reasonable limits, encourage direct contact and cooperation between employees.

Both sides have stated in writing that this goal includes the following common forms of cooperation that are of common interest:

- The exchange of information, including exchange of library materials and research publications, without violating the copyright law;
- Exchange of scientific staff for research, lectures and seminars, symposiums;
- Carrying out joint scientific research;
- The exchange of graduate students and the students of the entry levels for training and research;
- The exchange of scientific and pedagogical staff;
- Exchange of educational and methodical materials;
- Participation of scientific staff in the organization and holding of international scientific conferences;
- The creation of scientific, educational, cultural and other centres at the bases of both Sides of this agreement;
- Educational free moving, internship, lectures, volunteer activity in education;
- Programs of academic mobilities.
- Exchanges and other forms of cooperation are planned together and agreed upon in writing for each case.

This agreement does not involve the detail of financial costs for individual projects. Both sides undertake to negotiate with the subsequent signing of agreements regarding all financial calculations for future projects, which will depend on the financing possibilities for each party.

The present agreement is concluded for ten years; the agreement of the Sides may extend the period.

Each Side has the right to terminate this agreement provided written notice to the other party for six months.

This agreement takes effect upon signing by authorized officials of both institutions.
