

**XIV INTERNATIONAL SCIENTIFIC AND
PRACTICAL CONFERENCE
«Education and health»**

16 - 17 May 2024

**Address of the Organizing Committee:
40 002 Sumy city, st. Romenskaya, 87,
Sumy State Pedagogical University named
after A. S. Makarenko**

Information Message

Dear colleagues!

Ministry of Education and Science of Ukraine
Sumy State Pedagogical University named after A. S. Makarenko
Sumy, (Ukraine)

State Institution "Institute for Public Health of the National academy of medical sciences of
Ukraine named after O. M. Marzeyev".
Kyiv, (Ukraine)

Caucasus University Association of universities Azerbaijan, Georgia, Kazakhstan, Moldova,
Northern Cyprus, Turkey, Ukraine and the United States
Aydın Adnan Menderes University,
Aydın, (Turkey)
Balıkesir University,
Balıkesir, (Turkey)

Center for Professional Development of Pedagogical Workers of the Sumy City Council
Sumy, (Ukraine)

invite you to take part in the 14th international scientific and practical conference
"Education and health" dedicated to the 100-th anniversary of the founding of the Sumy state
pedagogical university named after A. S. Makarenko

Thematic areas of the conference:

1. Physical, mental, social and spiritual health of children, adolescents and youth.
2. Prenosological diagnostics diagnosis as a means of assessment and forecasting of individual and population health.
3. Hygienic aspects of the organization of teaching and educational process in educational institutions of various types.
4. Biomedical and psycho-pedagogical problems of physical education and sport of children, adolescents and youth.
5. Modern approaches to creation of health-saving environment in educational institutions and professional activities.
6. Hygienic and psycho-pedagogical principles of formation of a healthy lifestyle.
7. Methodological principles and methodical approaches of teaching disciplines of biomedical block in higher educational institutions.

Materials of the conference will be published in a foreign scientific periodical «SWorldJournal», Bulgaria (ISSN, DOI, IndexCopernicus, Google Scholar) <https://www.sworldjournal.com/index.php/swj/about>

For participation in a conference we ask to give in electronic form the following materials until **April 1, 2024**:

- **application of the participant** according to the presented sample;
- **scientific article** prepared on the basis of these requirements below.

To submit an article to a journal issue, you need:

1) **WRITE AN ARTICLE USING THIS TEMPLATE.**

Text structure:

Abstract (in the language of the text). The volume of the annotation in each language should be 5 or more lines (1000 or more characters). The abstract contains a general introduction to the article, covers the main problems and purpose, as well as the main results and a very short conclusion. The abstract should briefly inform the reader what the article is about and what the author's main contribution is, which is considered and discussed.

Key words (in the language of the text). Keywords must reflect the terminology of the article: what terms are used in the article or with what terms it can be logically connected; with what names of organizations, individuals, geographical territories, etc. related article ...

Introduction. The introduction should contribute to the goal of attracting the reader by revealing the problem and defining the main direction of the article.

The main text (may consist of several subsections standard for scientific articles: **Research of the external environment, Initial data and methods, Results of research, Discussion and analysis of results**).

Conclusions. The last paragraph of the article does not contain any new information or explanation: there are only generalizations and conclusions. This paragraph is longer than the abstract and usually includes more specific conclusions. Expression of gratitude (if enough)

Literature. References to literature for databases of foreign citations. «Harvard» <https://enpuir.npu.edu.ua/bitstream/handle/123456789/38886/LevchenkoSteblyna.pdf?sequence=1>)

Abstract (summary of the article in English). It consists of similar subsections as your article. Each section includes several sentences containing the main information of the section. The abstract should briefly inform the English-speaking reader what the article is about and what the author's main contribution is, which is considered and discussed.

Text size: 6 or more pages of A4 format (8,000 characters or more), including illustrations and tables.

Text design:

Line spacing – 1.5; Text margins – 20 mm on all sides; Paragraph – 10 mm; text – Times New Roman (Cyr); font size 14 ; PROHIBITED: automatic hyphenation, literature in the form of footnotes, paragraphs with spaces!

The electronic version of the article send to email of the Department of Public Health and Medicobiological Fundamentals of Physical Culture, Sumy State Pedagogical University named after A. S. Makarenko kafedra.smv@gmail.com.

UDC 004.2

AUTOMATION OF THE CALCULATION PROGRAMS

Ivanov V.V.

d.t.s., prof.

ORCID: 0000-0000-0000-0000 (indicate your number, if not - delete the line)

Odessa National University, Odessa, Dvoryanska, 2, 65029

Petrov I.I.

c.t.s., as.prof.

ORCID: 0000-0000-0000-0000 (indicate your number, if not - delete the line)

Odessa National Maritime University, Odessa, Mechnikova 34, 65029

Abstract. (Extended annotation i.e. briefly all sections of the article in English).

Key words: testing, code modulator, generator of functions, ...

Introduction.

Port operational management system continuously ...

Today, one of the urgent problems is the complexity and parallel programs (Figure. 1)...

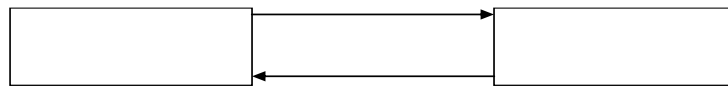

Figure 1 - Scheme

A source: [1]

Main text (may consist of several subsections standard for scientific articles).

One way to solve this problem is to bypass the traditionally sequential development phase (Table 1)...

Table 1 - Research data

Table with 5 empty cells

Authoring

In practice, tools are used to develop programs [1]:

- 1. T-language (T-system, IPS RAS).

It is worth noting that the automation of the selection of this parameter (1)...

dx = A(xi(t))xdt (1)

Summary and conclusions.

Have been considered

Were received...

2) APPLICATION FOR PUBLICATION OF AN ARTICLE IN THE JOURNAL

only white fields need to be filled up and down: some fields - choose from the list, others - type in your data

Country of authors	
Volume of article	0
Do you need a printed copy (0 or 1)?	0

Sections:

1. Innovative machinery, technology and industry
2. Computer science, cybernetics and automation
3. Security systems in the modern world
4. Development of transport and transport systems
5. Architecture and construction
6. Physics and mathematics
7. Chemistry and pharmaceuticals
8. Medicine and healthcare
9. Biology and ecology
10. Agriculture, forestry, fisheries and water management
11. Geology, geophysics and geodesy
12. Geography, demography and astronomy
13. Economics and trade
14. Management and marketing
15. Tourism and recreation
16. Education and pedagogy
17. Physical education and sport
18. Psychology and sociology
19. Philosophy
20. Philology, linguistics and literary criticism
21. Legal and political sciences
22. History
23. Art criticism and culture
